September 8, 2021

To Whom It May Concern,

At the September 8, 2021 Town Board Meeting, the Town Board discussed and approved supporting the State of Minnesota Border to Border Broadband Development Grant application being submitted by Midcontinent Communications (Midco) to expand broadband internet service in Springvale Township, Isanti County, Minnesota.

Our community has a demonstrated need for upgraded broadband service, as verified by the Minnesota DEED Office of Broadband Development coverage maps. Midco's proposal to deploy broadband infrastructure to our area will be beneficial to our citizens, businesses, and institutions. Reliable internet is important for more than just entertainment. Now, more than ever, reliable internet is empowering communities and helping families, schools, students and businesses thrive. A successful grant for Midco will play a critical role in ensuring there is a strong connection for Springvale Township's students, teachers, and schools.

The Town Board is confident in Midco's financial and managerial capability to ensure adequate project administration and customer service. The Town Board is also confident Midco's proposed project aligns with the broadband deployment goals established in Section 237.012 of the Minnesota Statutes.

If you have any questions regarding my support of Midco's application, please don't hesitate to reach out.

Sincerely,

Michelle Kleven  
Springvale Town Clerk

Enclosed Resolution 2021.5 Resolution of Support

**RESOLUTION #2021.5**  
**Springvale Township**
